

Walk-In Cooler and Freezer Panel

Flame Rating and Smoke Developed Ratio

Walk-In Coolers Using 4" or 6" Expanded Polystyrene Insulation Materials Provide
ASTM E-84 (UL Procedure 723)
Flame Spread Speed Rating of less than 25
Smoke Developed Ratio of less than 450

Freezers Using 4" or 6" Urethane (Polyisocyanurate) Insulation Materials Provide
ASTM E-84 (UL Procedure 723)
Flame Spread Speed Rating of less than 25
Smoke Developed Ratio of less than 450
